NEW!

RAP-SQ-T

RAP-SQ

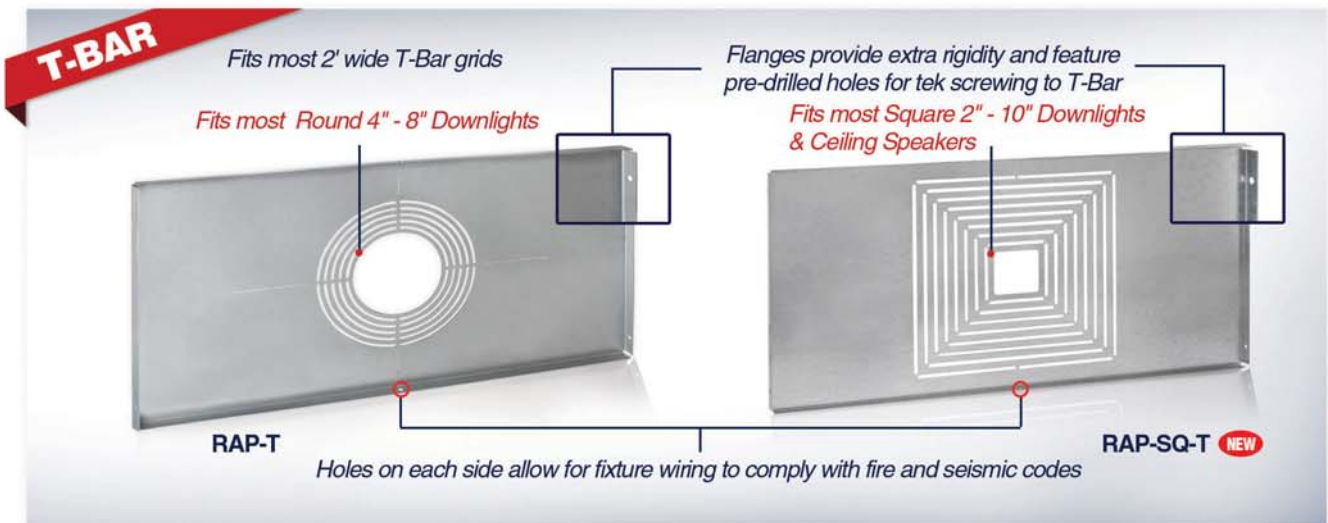

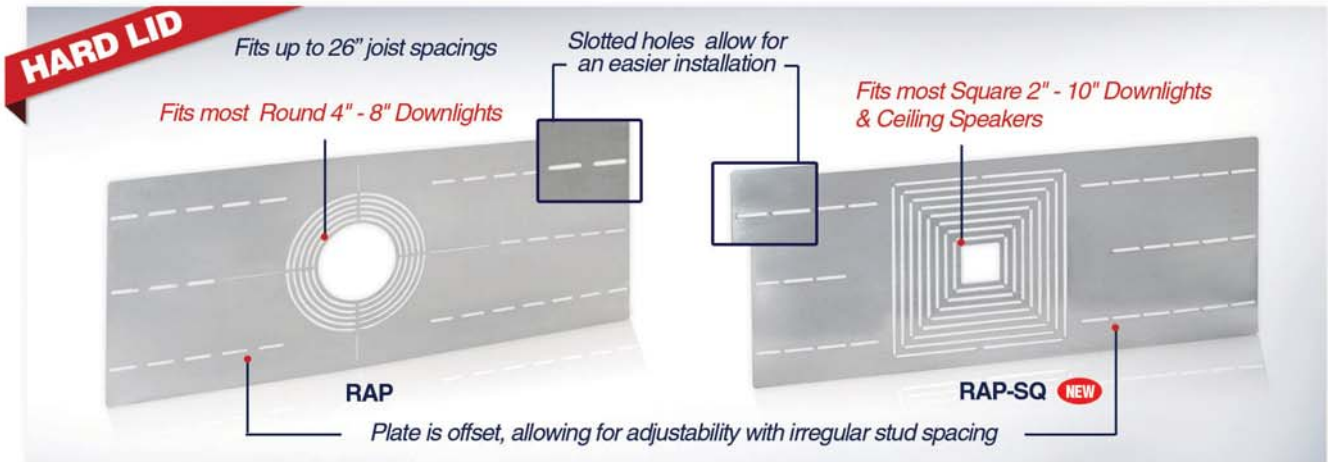

RAP-SQ-T & RAP-SQ now available for
Square Downlights or Ceiling Speakers

Orbit's RAP Plates offer a faster and more convenient alternative to the traditional fixture brackets for installing Downlights & Ceiling Speakers.

- Available for Hard Lid (**RAP & RAP-SQ**) and T-Bar (**RAP-T & RAP-SQ-T**) applications
- **RAP & RAP-T** accommodate most 4" to 8" round and up to 5-1/4" square recessed downlights
- **RAP-SQ & RAP-SQ-T** accommodate most 2" to 10" square recessed downlights or ceiling speakers
- Center marking allows for easy positioning and installing of fixtures onto the plate with tek screws

RECESSED LIGHT ADAPTER PLATES

- FEATURES**
- Plates feature a simple design, resulting in no missing parts when shipped
 - Meets UL 1598 as "Recognized Component for Downlight Luminaires"
 - 20 GA Galvanized Sheet Steel
 - RAP-T can be inverted for an additional 1/2" of depth
