BEST WAY TO MOUNT
EXTRA DEEP 4"
SQUARE BOXES

UMAB

Adjusts from Flush (0") to 1-1/2"

- **3-1/2" Deep**
- **4" Square**

FA-UMAB

(UL) **PATENTED**

INSTALL FA-UMAB IN DROP CEILING WITH THE NEW SSB-TBAR

FA-UMAB SHOWN INSTALLED ON SSB

Mounts directly to stud on it's own, or between studs with the SSB.

PLUS: Wide Selection of Fire Alarm Notification Boxes, Covers and Extension Rings

- *Bright red powder coat finish - reduces time-consuming painting in the shop*

- *Red finish also aids in identification of fire circuit terminal junctions in compliance with NEC 760.3*

- *For use with Rigid/IMC and EMT conduit*

Orbit's Universal Mounting Adjustable Box Assembly (UMAB) is a 4" square, 3-1/2" deep box with a BUILT-IN adapter for mounting and adjusting the box to fit various drywall depths.

- *Can be used for direct-to-stud, between stud and overhead installations*
- *Eliminates the need for box extensions*
- *Ships preassembled with adapter for quicker installation*
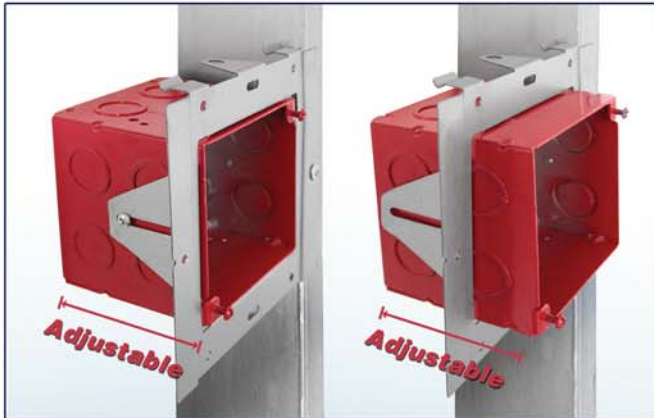

Can be mounted directly-to-stud. Guided-slots on each side allow the box to easily adjust from flush up to 1-1/2" by simply loosening the screws

UFSI	Universal Firestop Insert for 1G, 4", 4-11/16" Electrical Box, White	120

Orbit's 5-1/2" Square Fire Alarm Box is 3-1/2" deep and features 1/2" and 3/4" knockouts. The extra depth and width eliminates the use of extensions and transition pieces to mount horn and strobe devices easier.

- Red powder coat finish for easy identification
- Increased width and depth for extra deep device installations
- Variety of slots and holes for wall and ceiling mounting
