Catalog#: PLASTIC INSULATING BUSHINGS
PLASTIC INSULATING BUSHINGS

Category	PIPE FITTING
Page	D41

Description:

Orbit Industries' threaded plastic insulating bushings are used on threaded rigid or IMC conduits. They prevent wires from being damaged as they pass through the end of the conduit. Orbit Industries' insulating bushings provide smoothly rounded surfaces at the end of raceways. Whats more, the threaded insulating bushings are made of high impact polypropylene that is temperature rated at 105° C and easily screws on to threaded conduits.

Features:

- PVC
- 105°C Rated
- Meets Federal Spec. A-A-50553
- Insulated color may vary

Certifications:

UL File Number:
E310658
