

# FLAT BRACKET FAMILY

## HORIZONTAL AND KICK BRACKETS

### FLAT BRACKET FAMILY

#### PRODUCT FEATURES

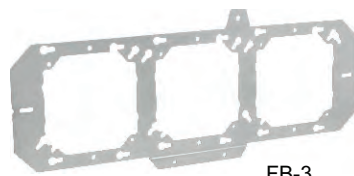

- Compatible with 4", 4-11/16" and 5" square boxes
- Allows 5" boxes to use 4" rings, reducing material costs
- 4" rings can be mounted on their own for low voltage applications using 8/32 screws
- Low profile design accepts up to 2" fittings
- Additional width and slotted mounting holes allow for extra flexibility on studs

**Fits 5" Square Boxes!**
