

# SURFACE MOUNTING BOX

**NEW**

## A **FASTER** WAY TO SURFACE MOUNT PRE-WIRED BOXES

Orbit's Surface Mounting Box (4SDB-BP) provides the best solution for surface mounting pre-wired boxes. Featuring a flat back plate with screw holes, the box can be mounted to most surfaces without having to access the inside of the box itself!

- » 4" square, 2-1/8" deep box with 1/2" and 3/4" MKOs and a 7" ground pigtail
- » The flat back plate allows for pre-wiring of the box with device and cover before shipping to the field to be quickly secured to a surface
- » Can be mounted to ceilings, walls, corrugated surfaces or underneath counters
