

## SPECIFICATION & FEATURES

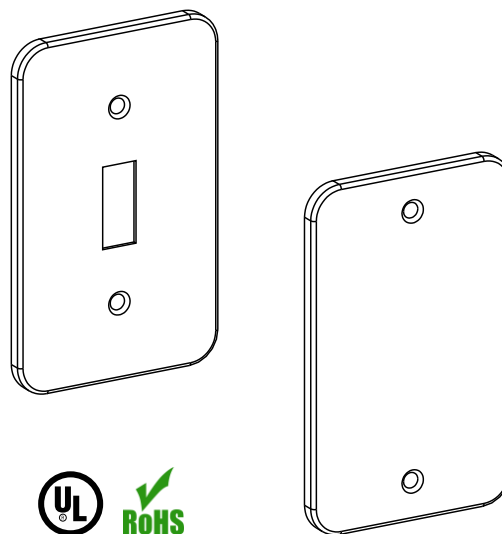

## SPECIAL APPLICATION UTILITY COVERS

### DESCRIPTION:

Orbit Industries' Special Application Utility Box Covers are used with handy boxes to protect wiring inside the box. They are raised-style covers, which are suitable to mount lighting fixtures. They are constructed from galvanized steel. Orbit Industries offers various designs for receptacles, switches, GFCI, and other devices.

### CERTIFICATION:

UL file E227970, conforms to UL514A.
