

SPECIFICATION & FEATURES

ROD TO ANGLE PURLIN CLIPS SIDE MOUNT 3/32" MAX FLANGE

DESCRIPTION:

Orbit Industries' side mount rod to angle purlin clips are designed for angle purlin with flange thickness up to 3/32". The clips are used to support threaded rod and can be easily mounted from the side of purlin with only a hammer. The rotatable joint can keep the rod in the vertical direction.

CERTIFICATION:

UL file E328572, conforms to UL 2239.

FEATURES:

- Spring Steel
- Provide attachment for threaded rod to purlins
- Only hammer needed for installation

CONFIGURATION DATA:

Part No.	Hole Size	Hole Type	Flange Thickness	Static Load	Std. Pkg.
F1226TI	3/8"	Threaded	3/32" MAX	100LB	100
