

SPECIFICATION & FEATURES

CONDUIT TO STUD ATTACHMENT SNAP CLOSE 1/2" ~ 3/4" EMT

DESCRIPTION:

Orbit Industries' conduit to stud attachment can be easily installed to metal or wood stud with screws. The attachment is used to position EMT conduits from studs and the conduit clamp can be snapped easily. The rotatable joint allows the snap-close conduit clamp to rotate 360° to fit conduits in different directions.

CERTIFICATION:

UL file E328572, conforms to UL 2239.

FEATURES:

- Spring Steel
- Positions conduit on metal or wood stud of any size
- Held to stud with screw
- Snap-close conduit-support
