

SPECIFICATION & FEATURES

ROD TO FLANGE CLIPS 1/8" ~ 3/4" FLANGE

DESCRIPTION:

Orbit Industries' rod to flange clips can be easily tapped on the flange from 1/8" to 3/4" with a hammer. The threaded hole is used to suspend threaded rod and the rotatable joint can keep the rod in the vertical direction.

CERTIFICATION:

UL file E328572, conforms to UL 2239.

FEATURES:

- Spring Steel
- Provide attachment for threaded rod to flanges
- Can swivel to provide a vertical dropdown
- Only hammer needed for installation

CONFIGURATION DATA:

Part No.	Flange Thickness	Hole Size	Hole Type	Static Load	Std. Pkg.
F4TI24	1/8" ~ 1/4"	1/4"	Threaded	200 LB	100
F4TI58	5/16" ~ 1/2"	1/4"	Threaded	200 LB	100
F4TI912	9/16" ~ 3/4"	1/4"	Threaded	200 LB	100
